The response to the Restriction Requirement mailed 12/30/2005 is non-responsive because Applicant has elected 2 inventions for prosecution. Applicant has elected Group V, claim 14-21 on page 10/17 and Group VI, claims 46-47 on page 16/17 of the transmission dated 7/12/2006. Restriction to only one of the inventions is required under 35 U.S.C. 121: Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement be traversed (37 CFR 1.143) and (ii) identification of the claims.

The claim identifiers for claims 34-39 and 46-47 are non-compliant. The claims are labeled (withdrawn) but should be labeled (original). The claims cannot have a status of (withdrawn) if the claims are to be considered in a traversal of the restriction requirement.
